

PITSTONE
HOUSE OF
WORSHIP

OUR VISION IS TO BUILD A HOUSE OF WORSHIP IN PITSTONE

Our passion is to pursue Jesus and His presence and create a landing strip for His glory in Pitstone and the region. We have no other agenda than to worship His Majesty and make way for the King.

Pitstone is strategically placed right in the centre of Beds, Bucks and Herts and we believe that our worship causes a spiritual ripple effect that can touch the three counties and beyond.

**CHANGING THE SPIRITUAL
ATMOSPHERE THROUGH THE
POWER OF PRAISE AND WORSHIP
TO ADVANCE THE KINGDOM OF GOD**

WE BELIEVE THAT 'HOUSES OF WORSHIP' ARE GOD'S STRATEGY AT THIS TIME

We want to join with other 'Houses of Worship' around the UK to release a move of God and see revival in our nation.

Canon Andrew White wrote a book about his experiences in Baghdad during the war in Iraq entitled, **'THE GLORY ZONE IN THE WAR ZONE'**.

In the spiritual battlefield in which we are living today in the UK, we too can experience a 'Glory Zone in the War Zone'.

Canon Andrew White's definition of the Glory Zone

What is the Glory Zone? For me it is the place, the domain of His manifest presence. It is the place where we experience the reality of heaven invading our world, the place where we are tangibly touched by Heaven's realities – transcendent peace, unspeakable joy, angels, visions, extreme light, divine provision, unusual manifestations that reveal the aspect of King Jesus, healings, resurrections, supernatural alignments, divine counsel, miracles, signs and wonders. It is a zone that becomes increasingly defined, real and tangible as we move in deep realms of faith, devotion, and worship.

When David came to the throne of Israel, the worship of the nation took a huge leap forward. He taught the people as never before how to praise God out loud, he wrote many songs for them to sing, he expanded the use of musical instruments and choirs. David built a tabernacle in his capital city for 24/7 worship enlisting hundreds of Levites as musicians and singers. Worship occupied a much greater place in the life of the nation.

There was a correlation between the expansion of Israel's territorial boundaries and the expansion of national worship. As their worship grew so did their domain.

The same is true for the Church today, God's Kingdom can expand in direct proportion to its worship.
